WordPress Developer with 2.5+ years of experience building and maintaining WordPress websites, custom themes, plugins, and WooCommerce solutions. Experienced in turning design and business requirements into responsive implementations, with hands-on work in technical SEO, APIs, email configuration, performance optimization, and ongoing site maintenance.

CORE SKILLS

WordPress & PHP: Custom Themes, Custom Plugins, Hooks & Filters, CPTs, Custom Fields, Shortcodes, REST API

Frontend & Design: HTML, CSS, JavaScript/jQuery, Elementor, Figma, Responsive Design

WooCommerce: Checkout, Payment & Delivery Customization, Orders, Products, Categories

SEO, Performance & Operations: Google Search Console, XML Sitemaps, Rank Math, SMTP/Google APIs, Caching, Page Speed, Security, Migration

PROFESSIONAL EXPERIENCE

WordPress Developer — Intopros Technology

[2024] – Present | Nepal

- Develop and maintain WordPress websites for business, hospitality, portfolio, consultancy, and e-commerce requirements.
- Build and customize WordPress themes and plugins to deliver project-specific functionality.
- Implement responsive interfaces from designs using WordPress, Elementor, PHP, JavaScript, HTML, and CSS.
- Extend WooCommerce for checkout, payment, delivery, and order-related requirements.
- Work with APIs, custom data workflows, CSV imports, technical SEO, Google Search Console, SMTP, and website performance optimization.
- Troubleshoot theme/plugin conflicts, security issues, migrations, indexing problems, and production website issues.
